MED180: INTRODUCTION TO INTEGRATIVE EAST-WEST MEDICINE

Mondays & Wednesdays 1:00-3:30PM

Learn how traditional Chinese medicine, acupuncture, herbs, mindfulness meditation, Tai Chi and nutrition help patients with symptoms related to the eye, mouth, head and neck, stress, allergies and cancer.

HANDS-ON interactive experience of integrative medicine modalities to expand your self-care toolbox as well as examine the emerging scientific research.

Open to professionals and students of all levels.
